**EMPOWERING THE AFRICAN CHURCH,
RESTORE THE NATIONS TO CHRIST**

Recruiting • Training • Resourcing • Sending

Dear Friends and Partners,

Grace and peace to you in the precious name of our Lord and Saviour, Jesus Christ.

We are deeply grateful for every church, organisation, professional, and individual who continues to stand with African Oasis Hub. Your prayers, generosity, encouragement, expertise, and partnership are more than acts of support; they are expressions of a shared commitment to the purposes of God in Africa.

We believe God is raising a mission force from Africa: men and women who will carry the Gospel across cultures, communities, and nations with humility, courage, wisdom, and faithfulness. Our desire at African Oasis Hub is to serve this movement by helping prepare, equip, resource, and send those whom God is calling to the nations.

We recognise that the task before us is greater than any one organisation. It requires the Church working together, each contributing what God has entrusted to them, so that the Gospel may be proclaimed and lives and communities transformed for the glory of Christ.

We count it a privilege to walk this journey together with you, trusting that what we build in obedience today will bear fruit for generations to come.

THIS EDITION IN ONE MINUTE

A look at our mission, recent missionary training, our holistic approach to mission, and the fundraising drive that is helping us strengthen the work.

THE WORK WE ARE BUILDING

African Oasis Hub collaborates with the Body of Christ in Africa to recruit, tailor-train, resource and send missionaries from the continent to do holistic mission globally. We are committed to building strong pathways for those called to mission, helping them grow in biblical understanding, develop practical ministry skills and receive the support needed to serve effectively and sustainably. Through meaningful partnerships with churches, organisations and individuals, we are working to see more missionaries equipped, commissioned and sent to places where the Gospel is needed, responding to Christ's enduring call to "go and make disciples of all nations" (Matthew 28:19).

We do not seek to reinvent what is already being done well. As a Hub, we connect and collaborate with existing sister organisations, churches and mission partners, bringing together needs, opportunities, people and resources so that we can serve more effectively together. We believe that the strength of mission is found not only in what one organisation can do, but in what the Body of Christ can accomplish when each part plays its role. As Scripture reminds us, "Two are better than one, because they have a good return for their labour" (Ecclesiastes 4:9).

MISSION THAT SEES THE WHOLE PERSON

We believe the Gospel transforms lives and communities. For this reason, our understanding of mission goes beyond proclamation alone. We seek to combine Gospel witness, discipleship and practical expressions of Christ's love through community development.

- Missionary recruitment, preparation and sending
- Discipleship and church-planting movements
- Community development projects, including clean-water initiatives
- Education and educational advocacy
- Partnerships that equip local churches and communities to respond to real needs

FROM TRAINING ROOM TO MISSION FIELD

African Oasis Hub held missionary training in Agusi, Bolgatanga, Ghana, in March, bringing together missionaries and ministry workers for focused teaching, reflection and practical preparation for the field. Participants engaged with topics including Disciple Making Movement (DMM), stewardship, sermon preparation and the works of the Holy Spirit. The training provided an opportunity not only to learn, but also to reflect on the realities of serving in different communities and to consider how biblical principles can be faithfully applied in everyday ministry.

Our goal is not simply to fill notebooks. We want workers to leave with the spiritual formation, practical tools and contextual understanding needed to disciple others, serve with wisdom and resilience, and faithfully represent Christ wherever God has placed them. We are grateful for the opportunity to walk alongside missionaries and ministry leaders as they grow in their calling and become better equipped for the work entrusted to them.

“One of our greatest challenges has been the lack of adequate training for our missionaries serving in remote and difficult communities. Through the support of African Oasis Hub, our missionaries have received practical training, valuable knowledge, and essential ministry skills that have strengthened their effectiveness on the mission field. We are deeply grateful to African Oasis Hub and all its partners for equipping our missionaries. God richly bless you.”

HOLISTIC MISSION

When a community receives clean water, a child gains time for school, families gain dignity, and the church gains an opportunity to demonstrate Christ's love in tangible ways.

Our desire is to work with local churches and partners so that practical initiatives are connected to long-term discipleship, community ownership and the witness of the Gospel.

WHY PARTNERSHIP MATTERS

The mission before us is bigger than any one organisation. Reaching communities, raising and equipping workers, and seeing lives transformed by the Gospel requires the collective strength of the Body of Christ. Churches, businesses, professionals, foundations, mission networks and individuals each have a unique role to play, bringing their gifts, resources, influence and experience together for one Kingdom purpose.

CHURCHES

Mobilise prayer, people and mission-minded believers, while creating pathways for the local church to actively participate in God's mission.

BUSINESSES & PROFESSIONALS

Contribute expertise, resources, skills and strategic connections that strengthen mission work and help make ministry more sustainable.

MISSION ORGANISATIONS

Work together in training, sending, mentoring and supporting missionaries, sharing knowledge and strengthening one another for greater Kingdom impact.

INDIVIDUAL PARTNERS

Pray, give, advocate and open doors, becoming part of the work through their personal networks, influence and resources. When we partner, we do more than support a ministry—we become part of a shared calling. Together, we can help raise a mission force from Africa that is equipped, supported and ready to serve wherever God sends them.

PARTNERSHIP IS MORE THAN A DONATION

We are looking for people who will pray with us, give towards the work, open doors, share expertise, host mission conversations and help African missionaries reach the nations.
